The purpose of this document is to outline the local implementation of the 2021 curriculum. Where discrepancy exists, refer to original RCOA guidance and seek advice from an educational supervisor, college tutor or training programme director.

Stage One Training

Stage Two Training

Stage Three Training

Generic Professional Capabilities [GPCs]

Collect evidence for the 7 GPC domains throughout each stage of training. Wait until the end of a stage of training before submitting HALOs for these domains.

ACCS 1 and ACCS 2

[Overview guide to ACCS Year Two](#)

ACCS Year One

- Placements in acute and emergency medicine during ACCS1.
- Work towards GPCs and ACCS learning outcomes.

ACCS Year Two

- 6 months in anaesthetics to achieve the [Initial assessment of competence \[IAC\]](#) and the [procedural sedation HALO](#).
- 6 months in ICM to achieve the [ICM HALO](#).
- Work towards GPCs.

ACCS 3 and ACCS 4

[also known as Anaesthetic CT2 & CT3]

[Overview guide to ACCS Year 3 \[CT2\]](#)

- [Initial Assessment of Competence in Obstetric Anaesthesia \[IACOA\]](#) achieved during ACCS3 [CT2].
- Experience of specialist areas to evidence via triple-c forms:
 - Paediatric anaesthesia.
 - Additional obstetric experience
- HALOs for the Regional Anaesthesia and Pain domains and the Resuscitation and transfer domain.

ST4 & ST5

[Overview guide to Stage 2 Training](#)

- Work towards the regional anaesthesia, pain and procedural sedation domains.
- 3 months of ICM to achieve the ICM and Resuscitation and Transfer HALOs.
- Experience of specialist areas to evidence via triple-c forms:
 - Paediatric Anaesthesia
 - Obstetric Anaesthesia
 - Neuroanaesthesia
 - Cardiothoracic Anaesthesia

ST6 & ST7

[Overview guide to Stage 3 training](#)

- Evidence the 7 clinical domains again.
- ICM HALO can be evidenced using on-call & theatre experience and doesn't require a specific ICM "block".
- Experience of specialist areas can be evidenced using triple-c forms:
 - Paediatric Anaesthesia
 - Obstetric Anaesthesia
- [Special interest areas \[SIAs\] over 12 months.](#)

Only submit HALOs for the General Anaesthesia and the Perioperative Medicine and Health Promotion domains at the end of each stage of training [ACCS4, ST5 and ST7]

An SLE a day keeps the ARCP panel at bay

DECIDE

after team brief what the educational opportunities are on the list.

DO

the appropriate activities during the list.

DISCUSS

together at the end of the session and provide feedback.

DOCUMENT

the assessment on the LLP with an appropriate reflection.
