

Final FRCA Teaching Programme 2020

All sessions are to be held in the Anaesthetic Seminar Room at UHCW unless otherwise specified.

Most sessions will begin with written/VIVA practice depending on which component of the exam you are preparing for.

The dates of these teaching sessions will NOT change so request study leave early. The topics may be adjusted as the year progresses to account for the changing availability of speakers.

January 8	Paediatric Anaesthesia
February 12	Critical Incidents
March 4	Perioperative Medicine Written Exam Date March 10th
April 8	Chronic Pain
May 13	Non-theatre and Sedation
June 10	Science Topics VIVA Exam Date June 22nd
July 8	Intensive Care Medicine
August	- Summer and Changeover Break -
September 9	Cardiothoracic Anaesthesia Written Exam Date September 15th
October 14	Neuroanaesthesia
November 11	Emergency Anaesthesia and Trauma
December 2	Obstetric Anaesthesia VIVA Exam Date December 7th

Teaching is usually the 2nd Wednesday of the month unless the FRCA exam calendar makes sense to bring it forward to the 1st Wednesday of the month so teaching can be immediately before an exam rather than a few days after an exam. This year this has affected teaching in March and December.

Slides and resources from previous teaching sessions are available on the website along with the full details of the teaching programme
