Examinations	Ensure that the dates are correct Exam pass confirmatory letter should be uploaded as an activity
Milestones	Check dates are correct Old certificates completed on paper should be uploaded into certificates section
Personal development plan (PDP)	The purpose of a PDP is to set out learning objectives for the year of training. If these are included in the supervisor's meeting record then there is no requirement to do an additional PDP but it will be necessary to indicate where this evidence is. New objectives can be added to the PDP as they occur through the year
Logbook	The preferred format for recording cases is the LLP logbook. If the LLP logbook is not used then the RCoA approved dataset must be used to present: <ul style="list-style-type: none"> 1. Non clinical activities	Evidence here supports the requirements of Annexes A and G There must be some evidence entered in each domain for each ARCP. Evidence of involvement with an audit or quality improvement project is essential. This can include involvement with national or regional projects. Further guidance on the assessment of QI projects can be found on the College website: www.rcog.ac.uk Compliance with mandatory training is a Trust and national requirement but it is not a requirement for ARCP evidence. This section includes evidence of activities which have been associated by the trainee to a Personal Activity within the LLP eg courses or events. Whilst trainees are completing migration of evidence from the old ePortfolio to the LLP this will also include evidence from the old ePortfolio eg CUT forms
Absences	This should include sick leave, parental leave, compassionate leave and leave for military duties if applicable
Form R (Eng, Wales, NI) or SOAR (Scotland) Revalidation document	This document should be uploaded to the LLP This should cover the trainee's whole scope of practice Any involvement with a Serious Incident must be recorded on this. If so, are you aware if it has/these have been resolved satisfactorily with no unresolved concerns about a trainee's fitness to practice or conduct? <p>Comment in this section must include that where appropriate reflection has taken place, learning needs have been identified and that the trainee has demonstrated insightful learning. This may be a useful time to enquire about any welfare issues concerning the trainee and to ask if they require extra support such as that available from Professional Support Units</p>

Reflective Practice	There is no requirement for a set number of reflections, but the trainee must provide their ES with evidence that they are a reflective practitioner, and that they are able to learn from excellence as well as errors. This may be undertaken verbally
